

Rock Products' Annual Index for 1982 (Vol. 85)

A

Aggregates

Concrete recycling uses standard crushing equipment, Sept.	44
Employer's ideas included in design of new 1,250-tpd plant at Gifford-Hill, July	34
Expansion boosts crushed stone production by 20 percent at Martin Marietta, Jan.	46
Field conveyor solves traffic bottleneck, cuts fuel costs at Las Vegas Building Materials, Sept.	27
Geologists meet, discuss nonmetallic minerals, July	48
Here's what we enjoyed at the recent ConAgg Show, Mar.	70
Landscaping or landfill? Needs differ for urban, rural quarries, Nov.	35
Micro, mini, or mainframe: Which computer for you? Sept.	30
New crusher, surge pile boost production to 800 iph at Roncari, May	36
Progressive rehabilitation can be cost effective, Aug.	22
Recycling concrete in Detroit, Sept.	30
Retreading extends life and cuts off-highway tire costs, Mar.	34
ROCK PRODUCTS photo contest draws record number of entries, Nov.	40
Solving the special problems of quarry rehabilitation, Oct.	40
Thinking of selling your business? Nov.	44
Thorough rehabilitation plans ensure successful end uses, Sept.	36
Stockpiling & reclaiming, Part 11: Controlling noise, Aug.	27
Stockpiling & reclaiming, Part 8: Dust control in stone plants, April	138
Stockpiling & reclaiming, Part 5: Gates and feeders, Jan.	11
Stockpiling & reclaiming, Part 9: Quality control, May	40
Stockpiling & reclaiming, Part 10: Quality control in stone plants, July	42
Stockpiling & reclaiming, Part 7: Protection of the environment, Mar.	62
Stockpiling & reclaiming, Part 6: Underwater mining extends life of silica sand deposit at Martin Marietta, Feb.	36
Aggregates around the world, Aug.	16
Aggregates business in slump, operators look for better '83 forecast, Dec.	34
Aggregate producer profiles	
Beck Materials Co., Nov.	26
Delta Sand & Gravel Co., Nov.	28
Memphis Stone & Gravel Co., Nov.	30
Agline plants	
Newton County Stone, Kentland, Ind., Oct.	44
Analysis of machinery vibration can slash unexpected downtime, March	44
Ansaari, Mishaal-Ul	
Kiln chain experiments pay off for Saudi Cement, Nov.	32

B

Beck Materials Co., aggregate producer profile, Nov.	26
Beck Materials Co., aggregate producer profile, Nov.	38
Bergmann, Lutz	
Energy conscious? Don't overlook dust collectors, Feb.	48M
Bergstrom, Enid Stearn	
Some views on liability, Jan.	90
Big Stone Quarry, East Stone Gap, Va., Jan.	54
Blasting	
Blasting in wet holes, May	43
Electric blasting is safe, letters, Dec.	8
More on that blasting report, letters, Dec.	8
Non-electric blasting systems, Mar.	68
Blue Circle reports on world cement markets, April	35
Bowen, Alan	
Coal dust explosions, April	42
Buyer's Guide 1982, Jan.	BG1

C

Cage mill boosts agline production by 230 percent, Oct.	44
Cash payouts boost productivity, prolong life of Marquette plant, Feb.	48
Cement industry restructuring to continue in Europe, U.S., April	40
Cement International Review, April	57
Cement's Internationalism: Is it here or blessing? April	115
Chains provide traction and protection on loader tires, May	49
Coal dust explosions—four firms' experiences, April	42
Cohen, S.M.	
Low fuel consumption seen in European lime plant study, Oct.	36
Computer controls 600-tpd coal-fired lime kiln, Oct.	32
Computerized system provides up-to-date maintenance data, June	41
Concrete recycling uses standard crushing equipment, Sept.	45
Conservative management keeps Delta Sand & Gravel in black, Nov.	28
Controlling noise, Stockpiling & reclaiming Part 11, Aug.	27
Cement	
Australian cement hitting California market, April	118
Cash payouts boost productivity, prolong life of	

Marquette plant, Feb.	48I
Cement Roadstone, Ireland, Feb.	48B
Costs tied to energy, Duthie & Lavedrine agree, April	135
Decline in cement shipments sends ripples through industry, Oct.	48A
Dust collecting systems, Part 1, June	44
Dust collecting systems, Part 2, Aug.	32A
Energy conscious? Don't overlook dust collectors, Feb.	48M
Grinding equipment at Ciments Lafarge's Limay plant, Aug.	32E
International review, April	33
Japan's cement industry today, May	64E
Imports, Kaiser chairman examines cement's internationalism, Jan.	72
Indirect coal firing, March	58
Kaiser Cement presents dumping charges, May	56
Lone Star to purchase Marquette, April	18
Marketing, Lafarge, Blue Circle report on world cement markets, April	35
Most executives are "cautiously optimistic," Forecast, Dec.	41
Nihon's modernization ideas for cement plants, May	64A
Pacific Coast Cement, April	118
Pulse jet retrofits may solve baghouse dust problems, July	51
Cement, International Seminar	
Eighteenth International Cement Seminar program, Oct.	17
Seventeenth International Cement Seminar, Jan.	72
Cement, plants	
Ciments Lafarge's Limay grinding plant, Aug.	32E
Coplay Cement's Nazareth, Pa., plant, April	50
Dyckerhoff's update on cement plants in Egypt, Indonesia, and Turkey, Aug.	6
Florida Mining's Brooksville plant, Aug.	35
Ideal Basic's Cris Dobbins, Theodore, Ala.	26
Lone Star's Santa Cruz plant, Mar.	52
Marquette Cement's, Hagerstown, Md., plant, April	54
Martin Marietta's Colorado plant, April	45
Medusa Cement's, Charlevoix, Mich., plant, April	42
Nihon Cement, May	64E
Saudi Cement, Jeddah, Saudi Arabia, Nov.	32
Ciments Lafarge's Limay plant, Aug.	32E
ConAgg Show	
The 1982 Concrete & Aggregate Show, Mar.	70
Crushed stone (see also Aggregates)	
Blasting—new system offers better blasting in wet holes, May	43
Expansion boosts crushed stone production by 20 percent, Jan.	46
Loader tire maintenance, May	49
NLI examining consolidation with National Crushed Stone Association, Mar.	66
Producer profile—Beck Materials Co., Jefferson City, Mo., Nov.	26
Crushed stone, plants	
Bleckley Stone Co., W. Va., July	38
Donkerhoeck Quarry, South Africa (silica), Aug.	36
Gainesville Stone, Athens, Ga., Feb.	50
Romant Industries, East Granby, N.Y., May	36
Vulcan Materials, Racine, Wis., Feb.	58
Martin Marietta, Macon, Ga., June	46
Computers	
Computer controls 600-tpd coal-fired lime kiln, Oct.	32
Computerized system provides up-to-date maintenance data, June	41
Micro, mini, or mainframe: Which computer is for you? Sept.	37
Construction	
Housing to lead construction industry out of recession, Forecast, Dec.	33
Decline in cement shipments sends ripples through industry, Oct.	48A
Depleted quarries and pits "home sweet home" to many, Part 6, Dec.	50
Dust collectors	
Dust collecting systems, Part 1, June	44
Dust collecting systems, Part 2, Aug.	32A
Energy conscious? Don't overlook dust collectors, Feb.	48M
Dust control in stone plants	
Stockpiling & reclaiming, Part 8, Apr.	138
Duthie, J.S.	
World cement markets: Lafarge, Blue Circle share experiences, Apr.	35
Donkerhoeck quarry, South Africa, Aug.	36
Dyckerhoff Cement, Apr.	6
Delta Sand & Gravel, Nov.	28
Duthie, J.S., interview with, Apr.	135
Editorial comment	
A new year and some old thoughts, Jan.	21
Be no man's slave but servant to all, July	15
Build for tomorrow, Feb.	11
It comes with the territory, June	17
On roaming rocks and stone digging machines, May	11
Out on a limb... again, Dec.	13
Selling in tough times and productivity turn around, Nov.	9
Seminar time again, Oct.	17
Some thoughts on the wasting of America, Sept.	11
Take advantage of the times, Aug.	9

D

The information bureau, Apr.	13
The time has come, March	11
El-Hossary, Mohd	
Kiln chain experiments pay off for Saudi Cement, Nov.	32
Employees' ideas included in design of new 1,250-tpd plant, July	34
Energy conscious? Don't overlook dust collectors, Feb.	48M
Enkegaard, Torben	
How to boost fuel efficiencies, reduce costs, Jan.	99
Environment protection—	
Stockpiling & reclaiming, Part 7, Mar.	62
EPA regulations, Jan.	50
Expanded shale clay and slate: "very, very slow," Forecast, Dec.	48
Expansion boosts crushed stone production by 20 percent, Jan.	46
F	
Faylor-Middlecreek, Inc. quarry, Pa., Feb.	55
Feeders, type of	
Stockpiling & reclaiming, Part 6, Feb.	43
Fenb, Fred	
Coal dust explosions, Apr.	42
Field conveyor solves traffic bottleneck, cuts fuel costs, Sept.	27
Fines disposal costs cut by 75 percent, Feb.	55
Florida Mining dedicates second kiln at Brooksville, Aug.	35
Fluash: carving inroads in portland cement, Forecast, Dec.	48
Forecast '83, Dec.	33
Aggregates	34
Cement	41
Construction	33
Lime	48
Misc. aggregates	48
Fukuda, Yoshiharu, interview with, Apr.	128
G	
Gainesville Stone blasts yet keeps neighbors happy, Feb.	50
Gates and feeders	
Stockpiling & reclaiming, Part 5, Jan.	60
General Aggregates Corp., Nov.	44
Geologists meet, discuss nonmetallic minerals, July	48
Gifford Hill, Ferries, Tex., July	34
Grief, E.E.	
Low fuel consumption seen in European lime plant study, Oct.	36
Guyver, Ray	
Replacement methods are key to long bearing life, Mar.	40
Gypsum	
New markets check gypsum sales decline, Forecast, Dec.	48
H	
Here's what we enjoyed at the recent ConAgg Show, Mar.	70
Hillville Sand & Gravel, Sussex, Wis., Jan.	72
Holz, Peter	
New silica quarry supplies South African steel industry, Aug.	36
How to boost fuel efficiencies, reduce costs, Jan.	99
Huhta, Richard S.	
Aggregate producer profile: Memphis Stone & Gravel Co., Nov.	30
Cement industry restructuring to continue in Europe, U.S., Apr.	40
Editorial comment: A new year and some old thoughts, Jan.	21
Editorial comment: Be no man's slave but servant to all, July	15
Editorial comment: Build for tomorrow, Feb.	11
Editorial comment: It comes with the territory, June	17
Editorial comment: On roaming rocks & stonedigging machines, May	11
Editorial comment: Selling in tough times, and the productivity turnaround, Nov.	9
Editorial comment: Seminar time again, Oct.	17
Editorial comment: Some thoughts on the wasting of America, Sept.	11
Editorial comment: Take advantage of the times, Aug.	9
Editorial comment: The Information Bureau, Apr.	13
Editorial comment: The time has come, Mar.	11
Florida Mining dedicates second kiln at Brooksville, Aug.	35
International Cement Review, Apr.	57
Lone Star's newest cement plant rises out of the old, Mar.	52
NLI examining consolidation with National Crushed Stone, Mar.	66
Now it's Australian cement hitting California market, Apr.	118
Thinking of selling your business? Nov.	44
TVA demonstrates training program to help agline vendors, May	62
